Summary Statement:

The City has been leasing a mail processing machine for several years. The current 5-year lease ends October 2026. Staff has received a proposal from Quadient; which is the current provider for a new machine and member of Buy Board. Our current machine is a little over five years old and due to the model and age, the vendor cannot guarantee that we will be able to maintain our current rate of \$171.26 per month for service and support. Quadient is proposing the IX-5 Mailing System; which offers the same capabilities as our current machine, the same maintenance agreement support level, installation and training. The new lease rate per month would be \$179.91.

Recommendation:

To consider a motion to approve the lease agreement renewal with Quadient in the amount of \$179.91 per month.
