If you are able to answer YES to all of the above precautions, congratulations, you have greatly decreased the likelihood of your home being burglarized.

If you answered NO to one or more of the above precautions, or have a concern about other home safety issues, please contact the Lampasas Police Department at 512-556-6831. Our Crime Prevention Officers will be happy to conduct a Home Security Survey of your residence at no cost. If you live outside Lampasas, please contact your local police agency.

Check to see who is at the door before opening it to strangers. Require identification from all repair and delivery personnel. If in doubt, check the authenticity of the identification by calling the company before letting the person into your home. Check I.D. through the peephole viewer. A wide angle viewer is easy to install and inexpensive.
